Our print bed — actual size (1:1)

Print at 100% / Actual size. Lay your object on the square —
if it fits, we print it in one piece. Bigger? We split it and assemble.

Scale check: this line must measure exactly 100 mm (10 cm)

This sheet is 256 × 256 mm. Small items fit an A4 printout; for the full bed, print A3 at 100% or use Poster/Tile.
